Change Log

All positions have been manually verified against Orestar output of candidates. However, Orestar missed some candidates, such as HD8, and incorrectly output others, such as SD27 To make future data input easier, SDs with no race this year have been removed.

New Rs in HD races: 11 (2) and 43

Only one addition to SDs: a new Repub in SD20, which already had a R in the race

Still No R in HDs 28, 34, 41, 44, 45, 46, and 47

No D in HDs 4, 6, 9, 17, 57, 58, and 60

SD 4 ended with no Republican in the race against a well-established incumbent

If you're a republican, don't give up these seats to the democrats. If you're democrat and tired of your party's constant lurch to the extreme left, now's
